Mecit ŞEBİB

COMPUTER ENGINEER

ABOUT ME

I am a 4th year student at Marmara University Computer Engineering Department.

I am currently wondering about Android Development and Web Programming.

While I continue to improve myself in software, I also have a good command of hardware.

I am trying to bring myself to a higher level in Kotlin, Flutter, HTML/CSS/JS, Php Technologies.

I am also eager to learn new or updated programming languages and use them where I work.

WORK EXPERIENCE

Mobile Development – Kotlin
Joaan Technology Inc,
April 2022 – Present

- *joaan app development:*
